Dear Matt:

On behalf of Mode Boutique, LLC, we want to express our complete satisfaction with regard to all of your efforts as Construction Manager for our new store at 39504 North Daisy Mountain Drive in Anthem. We have received rave reviews from everyone who has visited our new store.

We are more than willing to serve as a reference on any potential project you become involved with. We had a very tight timeline for our build out and were very pleased that MAG Development was able to complete the tenant improvements on schedule and on budget. You and your staff kept us completely informed on all aspects of the project from start to finish. Your suggestions also helped us make decisions that have resulted in a very beautiful store that gives us flexibility as we grow our business.

Thank you for all that you did in making our store a reality. We are proud of our new store and extend much of the credit for the success to your team at MAG Development.

Very truly yours,

Russell & Katrina Storjohann
